

**About**

AlienQuest: The best evergaming app in Prof. McCrickard's Spring 2014 3:30pm class section

Alienquest is an evergaming app that tasks the player with tracking down and defeating aliens. Given the countdown and distance to these aliens, it requires traveling moderate distances at a limited time in order to complete objectives and defeat aliens.

Please share with your friends so they too can experience AlienQuest!

**Instructions**

To begin the game press "Start Game". Your task is to track down and defeat the aliens using your smartphone device. Press the positions on the screen where you see the aliens move up to defeat them. Continue to complete the objectives and defeat aliens until you're up.

You can also switch to a full screen map by pressing the minimap found in the bottom right corner of your screen.

Now go brave adventurer and help defeat the coming invaders!
